ORGANIZATION

The Wheatland Elementary School District was established in 1871 and is located in Yuba County. The District was established when the former Bear River School District was divided into Virginia and Wheatland School Districts. The District operates two elementary schools, one 4th-8th grade school, and one charter school, Wheatland Charter Academy.

INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS

Board of Trustees
Wheatland Elementary School District
Wheatland, California

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Wheatland Elementary School District, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise Wheatland Elementary School District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Wheatland Elementary School District's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the *2017-18 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* ("2017-18 K-12 Audit Guide"), prescribed in the *California Code of Regulations*, Title 5, § 19810, et seq. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to previously present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Wheatland Elementary School District, as of June 30, 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, pension schedules, and OPEB schedules on pages 5-17 and 65-69, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Wheatland Elementary School District's basic financial statements. The accompanying supplementary information; the Schedule of Expenditures of Federal Awards, as required by Title 2, *U.S. Code of Federal Regulations*, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, Subpart F-Audit Requirements ("Uniform Guidance"), the Local Education Agency Organization Structure, the Schedule of Average Daily Attendance, the Schedule of Instructional Time, the Schedule of Financial Trends and Analysis, the Reconciliation of Annual Financial and Budget Report with Audited Financial Statements, the Schedule of Charter Schools, and the Note to Supplementary Information, as required by the 2017-18 K-12 Audit Guide, and the Combining Statements of Non-Major Governmental Funds are all presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Schedule of Expenditures of Federal Awards, the Local Education Agency Organization Structure, the Schedule of Average Daily Attendance, the Schedule of Instructional Time, the Schedule of Financial Trends and Analysis, the Reconciliation of Annual Financial and Budget Report with Audited Financial Statements, the Schedule of Charter Schools, and the Note to Supplementary Information are all the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards, the Local Education Agency Organization Structure, the Schedule of Average Daily Attendance, the Schedule of Instructional Time, the Schedule of Financial Trends and Analysis, the Reconciliation of Annual Financial and Budget Report with Audited Financial Statements, the Schedule of Charter Schools, and the Note to Supplementary Information are fairly stated in all material respects in relation to the basic financial statements as a whole.

The Combining Statements of Non-Major Governmental Funds has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 22, 2018 on our consideration of Wheatland Elementary School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Wheatland Elementary School District internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Wheatland Elementary School District's internal control over financial reporting and compliance.

Dennis Cooper & Associates C.P.A.s

October 22, 2018

MANAGEMENT'S DISCUSSION AND ANALYSIS

INTRODUCTION

Our discussion and analysis of Wheatland Elementary School District's (the "District") financial performance provides an overview of the District's financial activities for the fiscal year ended June 30, 2018. It should be read in conjunction with the District's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

The District's financial status remained relatively consistent to the prior year as a whole. Total net position decreased less than 1 percent over the course of the year.

- Total net position was \$23.5 million at June 30, 2018. This was a decrease of almost \$5.0 million over the beginning balance.
- Overall revenues were \$17.6 million, which was less than expenses of \$22.6 million.
- The net cost of the District's programs (expenses after program revenues) was \$19.0 million.
- The general fund reported a decrease in fund balance this year of almost \$0.8 million.
- The resources available for appropriation were \$0.7 million more than budgeted for the General Fund, and expenditures were over spending limits by approximately \$0.2 million.

OVERVIEW OF FINANCIAL STATEMENTS

Components of the Financials Section

This annual report consists of four parts—*management’s discussion and analysis* (this section), the *basic financial statements*, and *required supplementary information*, and *supplementary information*. The basic financial statements include two kinds of statements that present different views of the District:

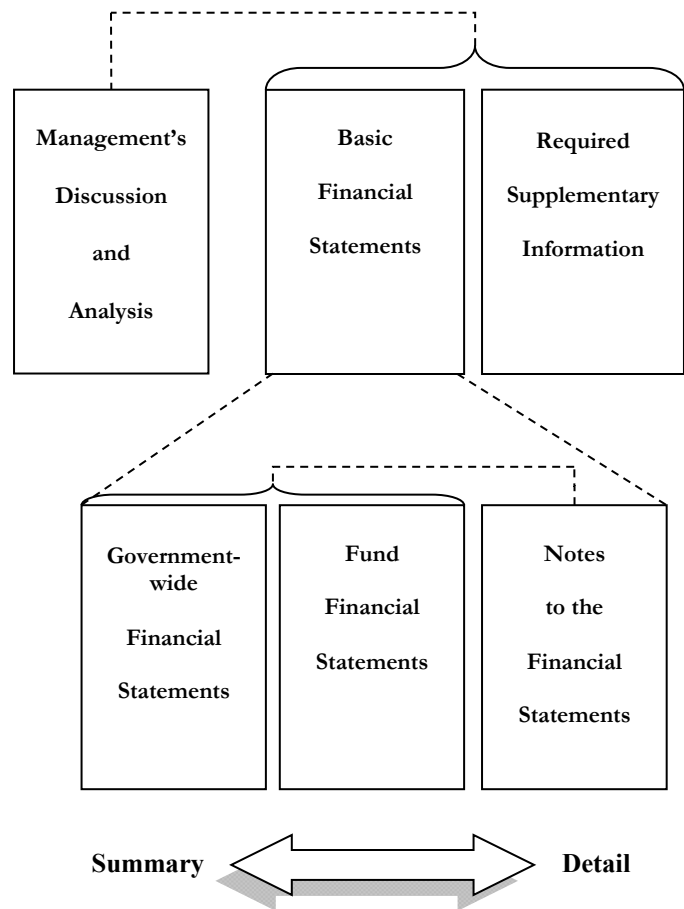

**Figure A-1
 Required Components of Wheatland Elementary School District’s Annual Financial Report**

- ❖ The first two statements are *government-wide financial statements* that provide both *long-term* and *short-term* information about the District’s *overall* financial status.
- ❖ The remaining statements are *fund financial statements* that focus on *individual parts* of the District government, reporting the District’s operations in *more detail* than the government-wide statements.

– The *governmental funds* statements tell how *general government* services like were financed in the *short term* as well as what remains for future spending.

– *Proprietary fund* statements offer *short- and long-term* financial information about the activities the government operates *like businesses*, such as the self-insurance fund.

– *Fiduciary fund* statements provide information about the financial relationships—like the ASB—in which the District acts solely as a *trustee or agent* for the benefit of others, to whom the resources in question belong.

The basic financial statements also include *notes* that explain some of the information in the financial statements and provide more detailed data. The basic financial statements are followed by a section of *required supplementary information* that further explains and supports the information in the financial statements. The figure above shows how the required parts of this annual report are arranged and relate to one another. In addition to these required elements, we have included a section with additional federal and state required information, as well as a detail of the nonmajor funds.

Major Features of Wheatland Elementary School District’s Government-wide and Fund Financial Statements

	Government-wide Statements	Fund Statements		
		Governmental Funds	Proprietary Funds	Fiduciary Funds
Scope	Entire District government (except fiduciary funds) and the District’s component units	The activities of the District that are not proprietary or fiduciary, such as self-insurance, ASB	Activities the District operates similar to private businesses self-insurance	Instances in which the District is the trustee or agent for someone else’s resources, such as the associated student body accounts
Required financial statements	<ul style="list-style-type: none"> ❖ Statement of net position ❖ Statement of activities 	<ul style="list-style-type: none"> ❖ Balance sheet ❖ Statement of revenues, expenditures, and changes in fund balances 	<ul style="list-style-type: none"> ❖ Statement of net position ❖ Statement of revenues, expenses and changes in net position ❖ Statement of cash flows 	<ul style="list-style-type: none"> ❖ Statement of fiduciary net position
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus	Accrual accounting and economic resources focus
Type of asset/liability information	All assets and liabilities, both financial and capital, and short-term and long-term	Only assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets included	All assets and liabilities, both financial and capital, and short-term and long-term	All assets and liabilities, both short-term and long-term; the District’s funds do not currently contain capital assets, although they can
Type of inflow/outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and payment is due during the year or soon thereafter	All revenues and expenses during year, regardless of when cash is received or paid	All revenues and expenses during year, regardless of when cash is received or paid

WHEATLAND ELEMENTARY SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS, Continued JUNE 30, 2018

District-Wide Statements

The district-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes *all* of the District's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two district-wide statements report the District's *net position* and how they have changed. Net position—the difference between the District's assets and deferred outflows of resources less liabilities and deferred inflows of resources—are one way to measure the District's financial health or *position*.

- ❖ Over time, increases or decreases in the District's net positions are an indicator of whether its financial position is improving or deteriorating, respectively.
- ❖ To assess the overall health of the District, you need to consider additional nonfinancial factors such as changes in the District's property tax base and the condition of school buildings and other facilities. In the district-wide financial statements, the District's *Governmental activities*—Most of the District's basic services are included here, such as regular and special education, transportation, and administration. Property taxes and state formula aid finance most of these activities.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's *funds*, focusing on its most significant or “major” funds—not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs:

- ❖ Some funds are required by State law and by bond covenants.
- ❖ The District establishes other funds to control and manage money for particular purposes (like repaying its long-term debts) or to show that it is properly using certain revenues (like federal grants).

The District has three kinds of funds:

- ❖ *Governmental funds*—Most of the District's basic services are included in governmental funds, which generally focus on (1) how *cash and other financial assets* that can readily be converted to cash flow in and out and (2) the balances left at yearend that are available for spending. Consequently, the governmental funds statements provide a detailed *short-term* view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the district-wide statements, we provide additional information with the governmental funds statements that explains the relationship (or differences) between them.
- ❖ *Proprietary funds*—Services for which the District charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the district-wide statements.
 - We use *internal service funds* (the other kind of proprietary fund) to report activities that provide supplies and services for the District's other programs and activities. The district currently has one internal service fund—the workers' compensation fund.

WHEATLAND ELEMENTARY SCHOOL DISTRICT

MANAGEMENT’S DISCUSSION AND ANALYSIS, Continued
 JUNE 30, 2018

❖ *Fiduciary funds*—The District is the trustee, or *fiduciary*, for assets that belong to others, such as the scholarship fund and the student activities funds. The District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. We exclude these activities from the district-wide financial statements because the District cannot use these assets to finance its operations.

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

Net Position

The District’s net position decreased between fiscal years 2017 and 2018—decreasing to \$23.5 million. (See Table 1.)

Table 1 - Net Position

	(amounts in millions)		Restated		\$ Change	% Change
			2018	2017		
ASSETS						
Current assets	\$	15.5	\$	16.6	\$ (1.1)	-7%
Capital assets, net		23.1		24.1	(1.0)	-4%
Total Assets		38.6		40.7	(2.1)	-5%
DEFERRED OUTFLOWS OF RESOURCES						
		5.0		3.8	1.2	32%
LIABILITIES						
Current liabilities		0.5		0.6	(0.1)	-17%
Non-current liabilities		18.7		16.5	2.2	13%
Total Liabilities		19.2		17.1	2.1	12%
DEFERRED INFLOW OF RESOURCES						
		0.9		(1.1)	2.0	-182%
NET POSITION						
Net investment in capital assets		22.7		23.7	(1.0)	-4%
Restricted		2.5		1.3	1.2	92%
Unrestricted (Deficit)		(1.7)		3.5	(5.2)	-149%
Total Net Position	\$	23.5	\$	28.5	\$ (5.0)	-18%

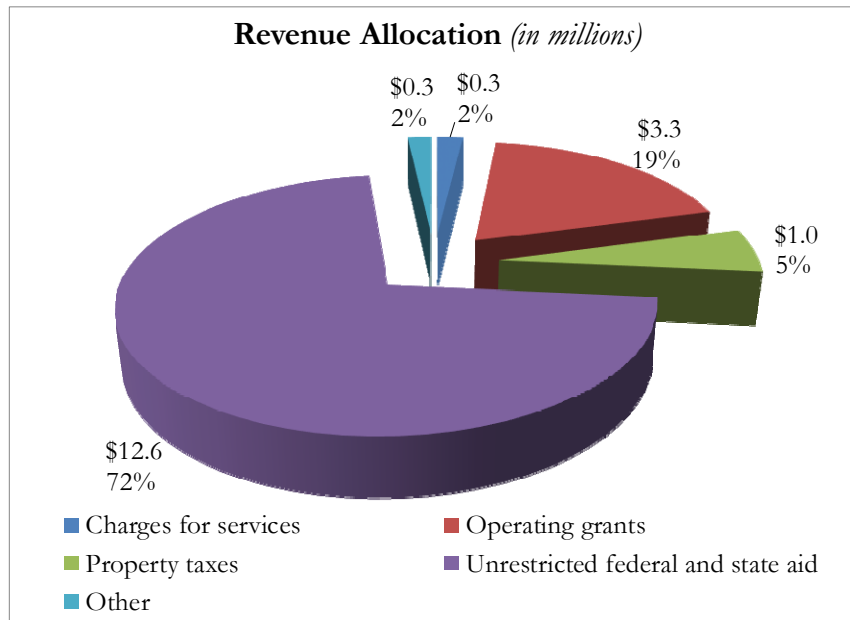

The net position decreased eighteen percent. Some of the components either are restricted as to the purposes they can be used for or are invested in capital assets (buildings, equipment, and so on). Consequently, the *unrestricted* component of net position (deficit) showed \$1.7 million at the end of this year. Most of this is attributed to decreased fund performance as well as an increase in the pension liability

WHEATLAND ELEMENTARY SCHOOL DISTRICT

MANAGEMENT’S DISCUSSION AND ANALYSIS, Continued
JUNE 30, 2018

Changes in Net Position

The District’s total revenue increased slightly to \$17.6 million. (See Table 2.) Almost three-quarters of the District’s revenue comes from LCFF related and impact aid. Nineteen cents of every dollar raised comes from some type of grant. (See Revenue Allocation.) The rest comes from fees charged for services, and miscellaneous revenue.

The total cost of all programs and services increased \$5.0 million. The District’s expenses cover a range of services, with more than half related to instruction and instruction related. (See Expense Allocation.)

WHEATLAND ELEMENTARY SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS, Continued
 JUNE 30, 2018

Governmental Activities

Revenues for the District increased slightly; while total expenses also increased by thirty five percent.

Table 2 - Changes in Net Position

<i>(amounts in millions)</i>	2018	2017	\$ Change	% Change
REVENUES				
Program revenues				
Charges for services	\$ 0.3	\$ 0.3	\$ 0.0	9%

Deficiency	\$ (5.0)	\$ (0.5)	\$ (4.5)	-900%

Grant revenue increased by nineteen percent from 2017 to 2018.

WHEATLAND ELEMENTARY SCHOOL DISTRICT

MANAGEMENT’S DISCUSSION AND ANALYSIS, Continued
 JUNE 30, 2018

Table 3 presents the cost of each of the District’s four largest programs—instruction, instruction related, student services, and plant services—plus all others, as well as each program’s *net cost* (total cost less fees generated by the activities and intergovernmental aid). The net cost shows the financial burden that was placed on the District’s taxpayers by each of these functions.

- ❖ The cost of all *governmental* activities this year was \$22.6 million.
- ❖ Some of the cost was paid by:
 - Those who directly benefited from the programs (\$326,000).
 - Other governments and organizations that subsidized certain programs with grants and contributions (\$3.3 million).
- ❖ The District paid for the \$19.0 million “public benefit” portion with \$13.9 million in unrestricted federal and state aid, and with other revenues such as property taxes.

Table 3 - Net Cost of Governmental Activities

	Total Cost of Services		Net Cost of Services

General Fund Budgetary Highlights

Over the course of the year, the School Board revised the District budget several times. These budget amendments fall into three categories:

- ❖ Amendments and supplemental appropriations approved in December (1st Interim) to reflect the actual beginning account balances (correcting the estimated amounts in the budget adopted in June 2017).
- ❖ Increases in appropriations to prevent budget overruns.

Even with these adjustments, actual expenditures were \$271,000 above final budget amounts. The most significant variance resulted from financing an early retirement incentive.

On the other hand, resources available for appropriation were almost \$728,000 above the final budgeted amount.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At June 30, 2018, the District has an investment of \$23.1 million in a broad range of capital assets, including buildings, building improvements, and equipment. (See Table 6.) This amount represents a net decrease of \$1.0 million assets over last year.

Table 6 - District's Capital Assets

<i>(amounts in millions)</i>	2018	2017	\$ Change	% Change
Land and const. in progress	\$ 0.5	\$ 0.4	\$ 0.1	25%

Accumulated depreciation	(14.2)	(13.1)	(1.1)	8%
Total Capital Assets	\$ 23.1	\$ 24.1	\$ (1.0)	-4%

This year's net capital asset additions included \$137,000:

- ❖ Bear River construction

Long-Term Liabilities

The District also had \$18.7 million in pension, OPEB, capital leases, and compensated absences—as shown in Table 7. More detailed information about the District's long-term liabilities is presented in Note 7 to the financial statements.

Table 7 - District's Long Term Liabilities

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

- ❖ Please leave the first 3 notation tabs from the previous audit as they are still pertinent. Except we are at full phase-in of the LCFF.
- ❖ The budget assumptions used to prepare the budget for 18-19 include a 2% increase for classified management, 1% for classified. Other groups are status quo with no changes. H & W increase for certificated increased to \$13,000, classified to \$12,000. Estimated step and column increases were budgeted for all employees
- ❖ Annual retirement increases in both the STRS and PERS systems are significant through 21-22. Employer rates will reach an estimated 19.10% for STRS by 2020, possible decrease to 18.10% by 2022. PERS is estimated to reach 20.4% by that time.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

The financial report is designed to provide our citizens, taxpayers, parents, participants, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for money it receives. If you have any questions about this report, or need additional financial information, contact the Superintendent at 111 Main Street, Wheatland, CA 95692 (530) 633-3130.

WHEATLAND ELEMENTARY SCHOOL DISTRICT

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET POSITION
 JUNE 30, 2018

(\$ Amounts in thousands)

Total Fund Balance - Governmental Funds \$ 13,709

Amounts reported for assets and liabilities for governmental activities in the statement of net position are different from amounts reported in governmental funds because:

Capital assets:

In governmental funds, only current assets are reported. In the statement of net position, all assets are reported, including capital assets and accumulated depreciation:

	Capital assets	\$ 37,349	
	Accumulated depreciation	(14,264)	23,085

Long-term liabilities:

In governmental funds, only current liabilities are reported. In the statement of net position, all liabilities, including long-term liabilities, are reported. Long-term liabilities relating to governmental activities consist of:

	Net pension liability	17,760	
	Compensated absences	86	
	Capital leases payable	342	
	Other long term debt	422	(18,610)

Deferred outflows and inflows of resources relating to pensions:

In governmental funds, deferred outflows and inflows of resources relating to pensions are not reported because they are applicable to future periods. In the statement of net position, deferred outflows and inflows of resources relating to pensions are reported.

	Deferred outflows of resources relating to pensions	4,996	
	Deferred inflows of resources relating to pensions	(938)	

Internal service fund:

Internal service funds are used to conduct certain activities for which costs are charged to other funds on a full cost-recovery basis. Because internal service funds are presumed to operate for the benefit of governmental activities, assets and liabilities of internal service funds are reported with governmental activities in the statement of net position. Net position for internal service funds are:

	1,227
Total Net Position - Governmental Activities	\$ 23,469

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCE TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2018

(\$ Amounts in thousands)

Net Change in Fund Balances - Governmental Funds \$ (891)

Amounts reported for governmental activities in the statement of activities are different from amounts reported in governmental funds because:

Capital outlay:

In governmental funds, the costs of capital assets are reported as expenditures in the period when the assets are acquired. In the statement of activities, costs of capital assets are allocated over their estimated useful lives as depreciation expense. The difference between capital outlay expenditures and depreciation expense for the period is:

Expenditures for capital outlay:	137	
Depreciation expense:	(1,141)	(1,004)

Debt service:

In governmental funds, repayments of long-term debt are reported as expenditures. In the government-wide statements, repayments of long-term debt are reported as reductions of liabilities. Expenditures for repayment of the principal portion of long-term debt were:

31

WHEATLAND ELEMENTARY SCHOOL DISTRICT

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCE TO THE STATEMENT OF ACTIVITIES,
Continued
FOR THE YEAR ENDED JUNE 30, 2018

Debt proceeds:

In governmental funds, proceeds from debt are recognized as Other Financing Sources. In the government-wide statements, proceeds from debt are reported as increases to liabilities. Amounts recognized in governmental funds as proceeds from debt, net of issue premium or discount, were: (422)

Compensated absences:

In governmental funds, compensated absences are measured by the amounts paid during the period. In the statement of activities, compensated absences are measured by the amount earned. The difference between compensated absences paid and compensated absences earned, was: (14)

Pensions:

In government funds, pension costs are recognized when employer contributions are made. In the statement of activities, pension costs are recognized on the accrual basis. This year, the difference between accrual-basis pension costs and actual employer contributions was: (2,709)

Internal Service Fund:

Internal service funds are used to conduct certain activities for which costs are charged to other funds on a full cost-recovery basis. Because internal service funds are presumed to benefit governmental activities, internal service activities are reported as governmental in the statement of activities. The net increase or decrease in internal service funds was: 11

Change in net position of Governmental Activities \$ (4,998)

WHEATLAND ELEMENTARY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1 - A. Financial Reporting Entity

The Wheatland Elementary School District (the “District”) or Local Educational Agency (“LEA”) is a public educational agency operating under the applicable laws and regulations of the State of California. It is governed by a five member Board of Trustees (Board) elected by registered voters of the District, which comprises an area in Yuba County. The District was established in 1871, when the former Bear River School District was divided into Virginia and Wheatland School Districts, and serves students in grades K-8.

The Wheatland Charter Academy (the “Charter”) was approved on March 7, 2001 and began operations in August of 2001. The Charter is not a separate legal entity; however, it does have a governance council consisting of the District Superintendent, a Charter teacher, a Charter parent, a local community representative, a Beale Air Force Base representative and a member of the District. The activity for the Charter is in the Charter School Fund.

A reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure the financial statements are not misleading. The primary government of the District consists of all funds, departments, and agencies that are not legally separate from the District. For Wheatland Elementary School District, this includes general operations, food service, and student related activities of the District.

1 - B. Other Related Entities

Joint Powers Authority (JPA). The District is associated with four joint powers agencies’. These organizations do not meet the criteria for inclusion as component units of the District. Summarized financial statements are presented in Note 12 to the financial statements. These organizations are:

- ❖ North Valley Schools Insurance Group (“NVSIG”)
- ❖ Tri-County Schools Insurance Group (“TCSIG”)
- ❖ Central Valley Trust (“CVT”)
- ❖ School Project for Utility Rate Reduction (“SPURR”)

1 - C. Basis of Presentation

Government-Wide Statements. The statement of net position and the statement of activities display information about the primary government (the District) and its component units. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. Governmental activities generally are financed through taxes, intergovernmental revenue, and other non-exchange transactions.

The statement of activities presents a comparison between direct expenses and program revenue for each function of the District’s governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reserved for the statement of activities. Program revenues include charges paid by the recipients of the goods or services offered by the programs and grants and contributions that are restricted to meeting of operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each program or business segment is self-financing or draws from the general revenues of the District.

WHEATLAND ELEMENTARY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS, Continued JUNE 30, 2018

Fund Financial Statements. The fund financial statements provide information about the District's funds, including its fiduciary funds. Separate statements for each fund category – *governmental* and *fiduciary* – are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as non-major funds.

Governmental funds are used to account for activities that are governmental in nature. Governmental activities are typically tax-supported and include education of pupils, operation of food service and child development programs, construction and maintenance of school facilities, and repayment of long-term debt.

Proprietary funds are used to account for activities that are more business-like than government-like in nature. Business-type activities include those for which a fee is charged to external users or to other organizational units of the LEA, normally on a full cost-recovery basis. Proprietary funds are generally intended to be self-supporting.

Fiduciary funds are used to account for assets held by the LEA in a trustee or agency capacity for others that cannot be used to support the LEA's own programs.

Major Governmental Funds

General Fund. The general fund is the main operating fund of the LEA. It is used to account for all activities except those that are required to be accounted for in another fund. In keeping with the minimum number of funds principle, all of an LEA's activities are reported in the general fund unless there is a compelling reason to account for an activity in another fund. An LEA may have only one general fund.

Charter School Fund. This fund may be used by authorizing LEAs to account separately for the activities of LEA-operated charter schools that would otherwise be reported in the authorizing LEA's general fund. If an LEA uses this fund for any of a charter school's operating activities, it should use this fund for all of the charter school's operating activities.

Special Reserve Fund for Capital Outlay Projects. This fund exists primarily to provide for the accumulation of general fund moneys for capital outlay purposes (Education Code Section 42840).

Non-Major Governmental Funds

Special Revenue Funds are established to account for the proceeds from specific revenue sources (other than trusts, major capital projects, or debt service) that are restricted or committed to the financing of particular activities and that compose a substantial portion of the inflows of the fund. Additional resources that are restricted, committed, or assigned to the purpose of the fund may also be reported in the fund:

Child Development Fund. This fund is used to account separately for federal, state, and local revenues to operate child development programs. All moneys received by an LEA for, or from the operation of, child development services covered under the Child Care and Development Services Act (Education Code Section 8200 et seq.) shall be deposited into this fund. The moneys may be used only for expenditures for the operation of child development programs. The costs incurred in the maintenance and operation of child development services shall be paid from this fund, with accounting to reflect specific funding sources (Education Code Section 8328).

Cafeteria Fund. This fund is used to account separately for federal, state, and local resources to operate the food service program (Education Code sections 38090–38093). The Cafeteria Special Revenue Fund (Fund 13) shall be used only for those expenditures authorized by the governing board as necessary for the operation of the LEA's food service program (Education Code sections 38091 and 38100).

WHEATLAND ELEMENTARY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS, Continued JUNE 30, 2018

Deferred Maintenance Fund. This fund is used to account separately for state apportionments and the LEA's contributions for deferred maintenance purposes (Education Code sections 17582–17587). In addition, whenever the state funds provided pursuant to Education Code sections 17584 and 17585 (apportionments from the State Allocation Board) are insufficient to fully match the local funds deposited in this fund, the governing board of a school district may transfer the excess local funds deposited in this fund to any other expenditure classifications in other funds of the district (Education Code sections 17582 and 17583).

Capital Project Funds. Capital project funds are established to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds and trust funds).

Capital Facilities Fund. This fund is used primarily to account separately for moneys received from fees levied on developers or other agencies as a condition of approving a development (Education Code sections 17620–17626). The authority for these levies may be county/city ordinances (Government Code sections 65970–65981) or private agreements between the LEA and the developer. Interest earned in the Capital Facilities Fund (Fund 25) is restricted to that fund (Government Code Section 66006).

Proprietary Funds

Internal Service Funds. Internal service funds are created principally to render services to other organizational units of the LEA on a cost-reimbursement basis. These funds are designed to be self-supporting with the intent of full recovery of costs, including some measure of the cost of capital assets, through user fees and charges.

Self-Insurance Fund. Self-insurance funds are used to separate moneys received for self-insurance activities from other operating funds of an LEA. Separate funds may be established for each type of self-insurance activity, such as workers' compensation, health and welfare, and deductible property loss (*Education Code* Section 17566).

Fiduciary Funds

Trust and Agency Funds. Trust and Agency funds are used to account for assets held in a trustee or agent capacity for others that cannot be used to support the LEA's own programs. The key distinction between trust and agency funds is that trust funds are subject to a trust agreement that affects the degree of management involvement and the length of time that the resources are held.

Student Body Fund. The Student Body Fund is an agency fund and, therefore, consists only of accounts such as Cash and balancing liability accounts, such as Due to Student Groups. The student body itself maintains its own general fund, which accounts for the transactions of that entity in raising and expending money to promote the general welfare, morale, and educational experiences of the student body (Education Code sections 48930–48938).

WHEATLAND ELEMENTARY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS, Continued JUNE 30, 2018

1 - D. Basis of Accounting – Measurement Focus

Government-Wide, Proprietary, and Fiduciary Financial Statements

The government-wide, proprietary, and fiduciary fund financial statements are reported using the economic resources measurement focus. The government-wide, proprietary, and fiduciary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place.

Net Position should be reported as restricted when constraints placed on net position use are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The net position restricted for other activities result from special revenue funds and the restrictions on their net position use.

Governmental Funds

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The District considers all revenues reported in the governmental funds to be available if the revenues are collected within one year after year-end. All other revenue items are considered to be measurable and available only when the District receives cash. Local Control Funding Formula revenue, property taxes, and grant awards are recorded the same as what is described for Government-Wide Statements. Expenditures generally are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, early retirement and postemployment healthcare benefits and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Revenues – Exchange and Non-Exchange Transactions

The Local Control Funding Formula (“LCFF”) and other state apportionments are government mandated non-exchange transactions and are recognized when all eligibility requirements have been met. When the annual calculation of the LCFF is made and the District's actual tax receipts, as reported by the county auditor, is subtracted the result determines the annual state aid to which the LEA is entitled. If the difference between the calculated annual state aid and the state aid received on the second principal apportionment is positive a receivable is recorded, and if it is negative a payable is recorded.

The District recognizes property tax revenues actually received as reported on California Department of Education (“CDE”)’s Principal Apportionment Data Collection Software, used by county offices of education and county auditors to report school district and county taxes. The District makes no accrual for property taxes receivable as of June 30.

The District receives grant awards that are "reimbursement type" or "expenditure driven." The eligibility requirements of these awards have not been met until the LEA has made the required expenditures of the grant within the time period specified by the grantor. Revenue is recognized in the period in which the qualifying expenditures are made. Cash received but unspent at the end of the fiscal period is booked as a liability, and revenue is reduced to the amount that has been expended.

The District also receives funds for which they have fulfilled specific eligibility requirements or have provided a particular service. Once the LEAs have provided these services, they have earned the revenue provided. Any unspent money may be carried to the next year to be expended for the same restricted purposes. Revenue is recognized in the period that the service is provided, and any carryover becomes a part of the LEA's ending fund balance.

Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Principal and interest on long-term obligations, which has not matured, are recognized when paid in the governmental funds. Allocations of costs, such as depreciation and amortization, are not recognized in the governmental funds.

Operating Revenues and Expenses

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies and investment earnings, result from non-exchange transactions or ancillary activities. Operating expenses result from transactions directly associated with the fund's principal services.

Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements. Interfund transfers are eliminated in the governmental activities columns of the statement of activities.

1 - E. Assets, Liabilities, and Net Position

Fair Value. The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The District has the following recurring fair value measurements as of June 30, 2018:

- ❖ Cash in county of \$14.9 million was valued using quoted market prices (Level 1 inputs)

Deposits and Investments

The cash balances of substantially all funds are pooled and invested by the County Treasurer for the purpose of increasing earnings through investment activities. The pool's investments are reported at fair value at June 30, 2018, based on market prices. The individual funds' portions of the pool's fair value are presented as "Cash in County." Earnings on the pooled funds are apportioned and paid or credited to the funds quarterly based on the average daily balance of each participating fund. The District considers the deposits and investments in proprietary funds to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Inventories and Prepaid Items

Inventories are valued at cost using the average cost method. The costs of governmental fund-type inventories are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

WHEATLAND ELEMENTARY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS, Continued
JUNE 30, 2018

Capital Assets

Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated fixed assets are recorded at their estimated fair value at the date of donation. The District maintains a capitalization threshold of \$20,000. The District does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. Interest incurred during the construction of capital assets utilized by the enterprise fund is also capitalized. Depreciation of capital assets is computed and recorded by the straight-line method over the following estimated useful life:

<u>Asset Class</u>	<u>Estimated Useful Life</u>
Buildings and improvements	50
Site improvements	20
Equipment	25
Vehicles	8

Interfund Balances

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "Due from other funds/Due to other funds." These amounts are eliminated in the governmental activities columns of the statement of net position.

Unearned Revenue

Unearned revenue arises when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period or when resources are received by the District prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the District has a legal claim to the resources, the liability for unearned revenue is removed from the combined balance sheet and revenue is recognized. At June 30, 2018, the General Fund had a balance of \$24,441 in unearned revenue from state sources.

Compensated Absences

Accumulated unpaid employee vacation and comp time benefits are accrued as a liability as the benefits are earned. The entire compensated absence liability is reported on the government-wide financial statements. For governmental funds, the current portion of unpaid compensated absences is the amount that is recognized upon the occurrence of relevant events such as employee resignations and retirements that occur prior to year-end that have not yet been paid with expendable available financial resources. These amounts are reported in the fund from which the employees who have accumulated leave are paid.

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds.

However, claims and judgments and special termination benefits that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds, capital leases, and long-term loans are recognized as liabilities in the governmental fund financial statements when due.

WHEATLAND ELEMENTARY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS, Continued JUNE 30, 2018

Pensions

For purposes of measuring the net pension liabilities, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of both the CA State Teachers Retirement System ("STRS") and CA Public Employee Retirement System Pension Plan ("PERS") and additions to/deductions from the respective fiduciary net positions have been determined on the same basis as they are reported by STRS and PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable - The nonspendable fund balance classification reflects amounts that are not in spendable form. Examples include inventory, prepaid items, the long-term portion of loans receivable, and nonfinancial assets held for resale. This classification also reflects amounts that are in spendable form but that are legally or contractually required to remain intact, such as the principal of a permanent endowment.

Restricted - The restricted fund balance classification reflects amounts subject to externally imposed and legally enforceable constraints. Such constraints may be imposed by creditors, grantors, contributors, or laws or regulations of other governments, or may be imposed by law through constitutional provisions or enabling legislation. These are the same restrictions used to determine restricted net position as reported in the government-wide, proprietary fund, and fiduciary trust fund statements.

Committed - The committed fund balance classification reflects amounts subject to internal constraints self-imposed by formal action of the Governing Board. The constraints giving rise to committed fund balance must be imposed no later than the end of the reporting period. The actual amounts may be determined subsequent to that date but prior to the issuance of the financial statements. In contrast to restricted fund balance, committed fund balance may be redirected by the government to other purposes as long as the original constraints are removed or modified in the same manner in which they were imposed, that is, by the same formal action of the Governing Board.

Assigned - The assigned fund balance classification reflects amounts that the government *intends* to be used for specific purposes. Assignments may be established either by the Governing Board or by a designee of the governing body, and are subject to neither the restricted nor committed levels of constraint. In contrast to the constraints giving rise to committed fund balance, constraints giving rise to assigned fund balance are not required to be imposed, modified, or removed by formal action of the Governing Board. The action does not require the same level of formality and may be delegated to another body or official. Additionally, the assignment need not be made before the end of the reporting period, but rather may be made any time prior to the issuance of the financial statements.

Unassigned - In the general fund only, the unassigned fund balance classification reflects the residual balance that has not been assigned to other funds and that is not restricted, committed, or assigned to specific purposes. However, deficits in any fund, including the general fund, that cannot be eliminated by reducing or eliminating amounts assigned to other purposes are reported as negative unassigned fund balance.

The District applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

WHEATLAND ELEMENTARY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS, Continued
JUNE 30, 2018

Net Position

Net Position represent the difference between assets and liabilities. Net Position invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. The District has related debt outstanding as of June 30, 2018. Net Position was reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The district-wide financial statements report \$2.5 million of restricted net position.

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

1 - F. Stewardship, Compliance, and Accountability

Budgetary Data

The budgetary process is prescribed by provisions of the California Education Code and requires the governing board to hold a public hearing and adopt an operating budget no later than July 1 of each year. The District governing board satisfied these requirements. The adopted budget is subject to amendment throughout the year to give consideration to unanticipated revenue and expenditures primarily resulting from events unknown at the time of budget adoption with the legal restriction that expenditures cannot exceed appropriations by major object account.

The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts when the original appropriations were adopted. The amounts reported as the final budgeted amounts in the budgetary statements reflect the amounts after all budget amendments have been accounted for. For purposes of the budget, on-behalf payments have been included as revenue and expenditures as required under generally accepted accounting principles.

Budgetary Expenditures in Excess of Appropriations

At June 30, 2018, the following District funds exceeded the budgeted amounts in total as follows:

	Expenditures and Other Uses		
	Budget	Actual	Excess
General Fund	\$ 16,476,483	\$ 16,747,561	\$ (271,078)
Charter Schools Special Revenue Fund	\$ 786,042	\$ 826,164	\$ (40,122)
Child Development Fund	\$ 574,860	\$ 585,293	\$ (10,433)
Special Reserve Fund for Capital Outlay Projects	\$ 332,078	\$ 412,294	\$ (80,216)

1 - G. New Accounting Pronouncement

The Governmental Accounting Standards Board (“GASB”) has issued the following standards:

- ❖ Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. The provisions in Statement 75 are effective for fiscal years beginning after June 15, 2017. Earlier application is encouraged.
- ❖ GASB Statement No. 82, *Pension Issues—an amendment of GASB Statements No. 67, No. 68, and No. 73*. The requirements of this Statement are effective for reporting periods beginning after June 15, 2016, except for the requirements of paragraph 7 in a circumstance in which an employer’s pension liability is measured as of a date other than the employer’s most recent fiscal year-end. In that circumstance, the requirements of paragraph 7 are effective for that employer in the first reporting period in which the measurement date of the pension liability is on or after June 15, 2017. Earlier application is encouraged.
- ❖ GASB Statement No. 84, *Fiduciary Activities*. The requirements of this Statement are effective for reporting periods beginning after December 15, 2018. Earlier application is encouraged.
- ❖ GASB Statement No. 85, *Omnibus 2017*. The provisions of this Statement are effective for periods beginning after June 15, 2017. Earlier application is encouraged.
- ❖ GASB Statement No. 87, *Leases*. Effective Date: For reporting periods beginning after December 15, 2019.

For specific details about the standards, please see www.gasb.org.

NOTE 2 – DEPOSITS AND INVESTMENTS

2 - A. Summary of Deposits and Investments

	Governmental Activities	Fiduciary Funds	Total
Cash on hand	\$ 700	\$ -	\$ 700
Deposits in financial institutions	12,750	69,240	81,990
Cash in County	14,913,009	-	14,913,009
Total	\$ 14,926,459	\$ 69,240	\$ 14,995,699

2 - B. Policies and Practices

The District is authorized under California Government Code to make direct investments in local agency bonds, notes, or warrants within the state; U.S. Treasury instruments; registered state warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security; and collateralized mortgage obligations; the Yuba County Investment Pool.

WHEATLAND ELEMENTARY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS, Continued
JUNE 30, 2018

Investment in County Treasury – The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (Education Code Section 41001). The fair value of the District's investment in the pool is reported in the accounting financial statements at amounts based upon the District's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis. The fair market value of Cash in County as of June 30, 2018 was \$14,866,320.

2 - C. General Authorizations

Except for investments by trustees of debt proceeds, the authority to invest District funds deposited with the county treasury is delegated to the County Treasurer and Tax Collector. Additional information about the investment policy of the County Treasurer and Tax Collector may be obtained from its website. The table below identifies examples of the investment types permitted in the investment policy, see next page.

Allowable investment instruments per Government Code §§ 16340, 16429.1, 53601, 53601.8, 53635, 53635.2, 53635.8, and 53638.

WHEATLAND ELEMENTARY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS, Continued JUNE 30, 2018

2 - D. Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The District manages its exposure to interest rate risk by investing in the county pool. See "Specific Identification" for various maturities of the District's investments.

2 - E. Credit Risk

Credit Risk. As of June 30, 2018, the District's Cash in County pool consisted of debt securities and the ratings ranged from A to AAA by Standard & Poor's.

2 - F. Specific Identification

Contact the Yuba County Treasurer for a report for all investments in the county pool with their relative ratings and maturities.

2 - G. Custodial Credit Risk – Deposits

This is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a policy for custodial credit risk for deposits. However, the California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agencies. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150 percent of the secured public deposits and letters of credit issued by the Federal Home Loan Bank of San Francisco having a value of 105 percent of the secured deposits. As of June 30, 2018, the District's bank balances of \$82,707 were insured.

Total	\$ 16,997	\$ (387)	\$ 9,736	\$ 7,486	\$ 18,860	\$ 152

7 - B. Capital leases

The District entered into an energy services agreement with SH2 Solar LLC, where SH2 Solar LLC will operate an array of solar panels at Bear River and Wheatland Elementary to produce approximately 361 kWh per year of electricity. This agreement required the District to make a payment of pre-paid savings in the amount of \$273,691 in August 2013. After the system starts generating electricity, the District will pay \$0.12 per kWh of electricity produced. The District is given the option of purchasing the system in six years at fair market value, which is estimated at \$274,000.

The District purchased a solar panel system valued at approximately \$880,000 through a capital lease where title will pass to the District at the conclusion of the lease payments. The capital lease has minimum lease payments as follows:

<i>(Amounts in thousands)</i>	Estimated	Maximum
Year Ending June 30,	Lease Payment	Lease Payment
2019	\$ 60	\$ 66
2020	334	318
Total payments	394	\$ 384
Less: Amount representing interest	52	
Present value of minimum lease payments	\$ 342	

WHEATLAND ELEMENTARY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS, Continued
JUNE 30, 2018

7 - C. Net Pension Liability

The District's prior year contributions of \$812,000 to Cal STRS and \$482,000 to Cal PERS, are used to calculate the current liability, which at June 30, 2018 was a total of \$17.8 million. See Note 9 for additional information regarding the net pension liability and pension benefit plans.

7 - D. Other Postemployment Benefits

As a result of GASB No. 75, the District has incurred an additional OPEB liability through CalSTRS, and has restated its original OPEB liability. Additionally, the District "self-insures" for these liabilities and they are reported in the Self-Insurance Fund. As of June 30, 2018, the District reported \$250,000 in combined OPEB liabilities. See Note 10 for additional information regarding the OPEB obligations and the postemployment benefit plan.

7 - E. Compensated Absences

The expense and accrued liability is recognized when the annual leave is earned. As of June 30, 2018, the District's long-term portion of the compensated absences balance is \$86,000. The District estimates that approximately one-third, or \$43,000, of its total leave total liability will be paid within one year, and as such is considered short-term and accrued in the General Fund and Child Development Fund.

7 - F. Early Retirement Incentive

In March 2018 the District offered an early retirement incentive to the certificated staff. The staff was given a choice of one of the following:

- ❖ Medical benefits of \$11,000 a year for up to seven years or until age 65.
- ❖ Cash payment of \$11,000 a year for up to seven years or until age 65.
- ❖ One-time cash payment of \$15,000.

Ten staff accepted the offer, and as of June 30, 2018, the District reported a liability of \$422,000. The amortization of the liability is as follows:

(Amounts in thousands)

<u>Year Ending June 30,</u>	<u>Annual Payment</u>
2019	\$ 125
2020	89
2021	73
2022	55
2023	55
2024 - 2025	66
<hr/>	
Total payments	463
Less: Amount representing interest	41

The District is committed to maintaining a prudent level of financial resources to protect against the need to reduce service levels because of temporary revenue shortfalls or unpredicted expenditures. The District's Minimum Fund Balance Policy requires a Reserve for Economic Uncertainties, consisting of unassigned amounts, equal to no less than the CDE required minimum fund balance requirement.

NOTE 9 – EMPLOYEE RETIREMENT SYSTEMS

9 - A. General Information about California Teachers' Retirement System ("CalSTRS")

Plan Description.

CalSTRS administers a hybrid retirement system consisting of a defined benefit plan, two defined contribution plans, a postemployment benefit plan, and a fund used to account for ancillary activities associated with various deferred compensation plans and programs:

- ❖ State Teachers' Retirement Plan ("STRP")
- ❖ CalSTRS Pension 2® Program (Internal Revenue Code 403(b) and 457(b) plans)
- ❖ Teachers' Health Benefits Fund ("THBF")
- ❖ Teachers' Deferred Compensation Fund ("TDCF")

CalSTRS provides pension benefits, including disability and survivor benefits, to California full-time and part-time public school teachers from pre-kindergarten through community college and certain other employees of the public school system. The Teachers' Retirement Law (California Education Code § 22000 et seq.), as enacted and amended by the California Legislature, established these plans and CalSTRS as the administrator. The terms of the plans may be amended through legislation.

The STRP is a multiple employer, cost-sharing defined benefit plan comprised of four programs: Defined Benefit ("DB") Program, Defined Benefit Supplement ("DBS") Program, Cash Balance Benefit ("CBB") Program and Replacement Benefits Program. The STRP holds assets for the exclusive purpose of providing benefits to members and beneficiaries of these programs. CalSTRS also uses plan assets to defray reasonable expenses of administering the STRP. Although CalSTRS is the administrator of the STRP, the state is the sponsor of the STRP and obligor of the trust. In addition, the state is both an employer and nonemployer contributing entity to the STRP. CalSTRS issues a publicly available financial report that can be obtained at <https://www.calstrs.com/comprehensive-annual-financial-report>.

Benefits Provided

The STRP Defined Benefit Program has two benefit formulas:

- ❖ CalSTRS 2% at 60: Members first hired on or before December 31, 2012, to perform service that could be creditable to CalSTRS
- ❖ CalSTRS 2% at 62: Members first hired on or after January 1, 2013, to perform service that could be creditable to CalSTRS

The 2% refers to the percentage of your final compensation that you'll receive as a retirement benefit for every year of service credit, also known as the age factor. Other differences between the two benefit structures are final compensation, age factors, normal retirement age, creditable compensation cap and contribution rate. In addition, 2% at 62 members aren't eligible for benefit enhancements, the Reduced Benefit Election or the CalSTRS Replacement Benefits Program.

WHEATLAND ELEMENTARY SCHOOL DISTRICT

	July 1, 2018	16.28%	
	July 1, 2019	18.13%	
	July 1, 2020	19.10%	
	July 1, 2021 – June 30, 2046	The board cannot adjust the employer rate by more than 1% in a fiscal year, and the increase to the contribution rate above the 8.25% base contribution rate cannot exceed 12% for a maximum of 20.25 percent. Increase from prior rate ceases in 2046-47	
State:	July 1, 2016		
	July 1, 2017	9.328%	
	July 1, 2017 – June 30, 2046	8.828%, The board has limited authority to adjust state contribution rates from July 1, 2017, through June 2046 in order to eliminate the remaining unfunded actuarial obligation associated with the 1990 benefit structure. The board cannot increase the rate by more than 0.50% in a fiscal year, and if there is no unfunded actuarial obligation, the contribution rate imposed to pay for the 1990 benefit structure would be reduced to 0%. Rates in effect prior to July 1, 2014, are reinstated if necessary to address any remaining 1990 unfunded actuarial obligation from July 1, 2046, and thereafter.	
	July 1, 2046 and thereafter	4.517%, and same explanation as above	

Contributions to the pension plan from the District was \$945,597 for the year ended June 30, 2018.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2018, the District reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

	<i>(Amounts in thousands)</i>
District's proportionate share of the net	\$ 11,259
State's proportionate share of the net pension liability associated with the District	4,185
Total	\$ 15,444

The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on employer contributions to the STRP was calculated by CalSTRS based on creditable compensation for active members reported by employers to the pension plan relative to the contributions of all participating school districts and the State. At June 30, 2017, the District's proportion was as follows:

	<u>Jun. 30, 2017</u>	<u>Jun. 30, 2016</u>	<u>Difference</u>
Net Pension Liability Allocation Basis	0.0001218	0.0001291	-0.0000073

WHEATLAND ELEMENTARY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS, Continued
 JUNE 30, 2018

For the year ended June 30, 2018, the District recognized pension expense of \$2.1 million and revenue of \$0.6 million for support provided by the State. At June 30, 2018, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

<i>(Amounts in thousands)</i>	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 155
Changes of assumptions	2,086	-
Net difference between projected and actual earnings on pension plan investments	-	300
Changes in proportion and differences between District contributions and proportionate share of contributions	-	339
District contributions subsequent to the measurement date	946	-
Total	\$ 3,032	\$ 794

The amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<i>(\$ amounts in thousands)</i>		
Year Ending June 30,		
2019	\$ 1,293	\$ 328
2020	348	(110)
2021	348	52
2022	348	345
2023	348	100
2024 - 2025	347	79
Total	\$ 3,032	\$ 794

WHEATLAND ELEMENTARY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS, Continued
 JUNE 30, 2018

Actuarial Assumptions and Discount Rate Information

Actuarial Assumptions

The total pension liability for the STRP was determined by applying update procedures to a financial reporting actuarial valuation as of June 30, 2016, and rolling forward the total pension liability to June 30, 2017. In determining the total pension liability, the financial reporting actuarial valuation used the following actuarial methods and assumptions ^{1,2}:

Valuation Date	June 30, 2016
Experience Study	July 1, 2010 – June 30, 2015
Actuarial Cost Method	Entry age normal
Investment Rate of Return ³	7.10%
Consumer Price Inflation	2.75%
Wage Growth	3.5%
Post-retirement Benefit Increases	2% simple for DB (Annually) Maintain 85% purchasing power level for DB Not applicable for DBS/CBB

¹ For the purpose of determining the total pension liability, the assumptions used in the June 30, 2016, financial reporting actuarial valuation, were applied to all periods prior to July 1, 2017. The assumptions applied to those periods on and after July 1, 2017 are reflected in the table above.

² The assumptions for investment rate of return, wage growth and inflation used in the June 30, 2016 financial reporting actuarial valuation were 7.60 percent, 3.75 percent and 3.00 percent, respectively.

³ Net of investment expenses, but gross of administrative expenses.

Discount Rate

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. The best estimate ranges were developed using capital market assumptions from CalSTRS general investment consultant (Pension Consulting Alliance--PCA) as an input to the process. The actuarial investment rate of return assumption was adopted by the board in February 2017 in conjunction with the most recent experience study. For each future valuation, CalSTRS consulting actuary (Milliman) reviews the return assumption for reasonableness based on the most current capital market assumptions. Best estimates of 20-year geometrically-linked real rates of return and the assumed asset allocation for each major asset class for the period ended June 30, 2017, are summarized in the following table:

Asset Class	Assumed Asset Allocation	Long-Term Expected Rate of Return ³
Global Equity	47%	6.30%
Fixed Income	12	0.30
Real Estate	13	5.20
Private Equity	13	9.30
Absolute Return/Risk Mitigating Strategies	9	2.90
Inflation Sensitive	4	3.80
Cash/Liquidity	2	-1.00

³ 20-years geometric average

WHEATLAND ELEMENTARY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS, Continued
JUNE 30, 2018

The discount rate used to measure the total pension liability was 7.1 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at statutory contribution rates disclosed in Note 1. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.1 percent) and assuming that contributions and benefit payments occur midyear. Based on those assumptions, the STRP's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate.

Presented below is the net pension liability of employer using the current discount rate of 7.10%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rate:

<i>(Amounts in thousands)</i>	1% Decrease	Current	1% Increase
	(6.10%)	(7.10%)	(8.10%)
District's proportionate share of the net pension liability	\$ 16,533	\$ 11,259	\$ 6,980

Pension plan fiduciary net position

Detailed information about the pension plan's fiduciary net position is available in the separately issued CalSTRS financial report.

9 - B. General Information about California Public Employees' Retirement System ("CalPERS")

Plan Description

Public Employees' Retirement Fund ("PERF") – The PERF was established in 1932 and provides retirement, death and disability benefits to its member employers, which include the State of California, non-teaching, non-certified employees in schools, and various other public agencies. The benefit provisions for the state and school employees are established by statute. The benefits options for the public agencies are established by statute and voluntarily selected by contract with the System in accordance with the provisions of the Public Employees' Retirement Law.

PERF B is a cost-sharing multiple-employer plan of school employers consisting of non-teaching and non-certified employees.

WHEATLAND ELEMENTARY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS, Continued
 JUNE 30, 2018

Benefits Provided

The Service Retirement benefit is a monthly allowance equal to the product of benefit factor, years of service, and final compensation.

- ❖ The *benefit factor* for classic members comes from the 2% at 55 benefit factor table. New PEPRA members hired on or after January 1, 2013 are subject to the 2% at 62 benefit factor table.
- ❖ The *years of service* is the amount credited by CalPERS to a member while he or she is employed in this group (or for other periods that are recognized under the employer’s contract with CalPERS). For a member who has earned service with multiple CalPERS employers, the benefit from each employer is calculated separately according to each employer’s contract, and then added together for the total allowance. Any unused sick leave accumulated at the time of retirement will be converted to credited service at the rate of 0.004 years of service for each day of sick leave.
- ❖ The *final compensation* is the monthly average of the member’s highest 12 consecutive months’ full-time equivalent monthly pay (no matter which CalPERS employer paid this compensation). For new PEPRA members hired after January 1, 2013 final compensation is based on the monthly average of the member’s highest 36 consecutive months’ full-time equivalent monthly pay. PEPRA members have a cap on the annual salary that can be used to calculate final compensation for all new members based on the Social Security Contribution and Benefit Base. For employees that participate in Social Security this cap is \$117,020 for 2016 and for those employees that do not participate in social security the cap for 2016 is \$140,424, the equivalent of 120 percent of the 2016 Contribution and Benefit Base. Adjustments to the caps are permitted annually based on changes to the CPI for All Urban Consumers.
- ❖ The employees in this plan may or may not be covered by Social Security. For employees with service prior to January 1, 2001 covered by Social Security, the final compensation is offset by \$133.33 (or by one-third if, the final compensation is less than \$400). For PEPRA members, the final compensation is not offset.

Contributions

CalPERS required employer contributions to be 15.531% of payroll. The report also reported an employee contribution rate of 7.0% for classic and 6.0% for PEPRA. Contributions to the pension plan from the District was \$554,718 for the year ended June 30, 2018.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2018, the District reported a liability of \$6.5 million for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District’s proportion of the net pension liability was based on a projection of the District’s long-term share of contributions to the pension plan relative to the projected contributions of all participating agencies, actuarially determined. The District’s proportion was calculated as follows:

	<u>Jun. 30, 2017</u>	<u>Jun. 30, 2016</u>	<u>Difference</u>
Net Pension Liability Allocation Basis	0.0002723	0.0002780	-0.0000057

WHEATLAND ELEMENTARY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS, Continued
 JUNE 30, 2018

For the year ended June 30, 2018, the District recognized pension expense of \$2.7 million. At June 30, 2018, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

<i>(Amounts in thousands)</i>	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 233	\$ -
Changes of assumptions	950	77
Net difference between projected and actual earnings on pension plan investments	225	-
Changes in proportion and differences between District contributions and proportionate share of contributions	-	67
District contributions subsequent to the measurement date	555	-
Total	\$ 1,963	\$ 144

The amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<i>(\$ amounts in thousands)</i>		
Year Ending June 30,		
2019	\$ 1,000	\$ 81
2020	637	35
2021	447	28
2022	(121)	-
Total	\$ 1,963	\$ 144

Actuarial Methods, Assumptions, and Discount Rate Information

Actuarial Methods and Assumptions

For the measurement period ended June 30, 2017, (the measurement date), the total pension liability was determined by rolling forward the June 30, 2016 total pension liability determined in the June 30, 2016, actuarial accounting valuation. The actuarial cost method was Entry Age Normal.

WHEATLAND ELEMENTARY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS, Continued
JUNE 30, 2018

The June 30, 2017, total pension liability was based on the following actuarial assumptions:

Discount Rate	7.15%
Inflation	2.75%
Salary increases	Varies by Entry Age and Service
Mortality Rate Table ¹	Derived using CalPERS membership data for all funds
Post-Retirement Benefit Increase	2.00% until Purchasing Power Protection Allowance Floor on purchasing power applies, 2.75% thereafter

¹ The mortality table used was developed based on CalPERS-specific data. The table includes 20 years of mortality improvements using Society of Actuaries Scale BB. For more details on this table, please refer to the April 2014 experience study report (based on CalPERS demographic data from 1997 to 2011) available online at <https://www.calpers.ca.gov/docs/forms-publications/calpers-experiencestudy-2014.pdf>.

Other significant actuarial assumptions used in the June 30, 2016, valuation were based on the results of the actuarial experience study for the period from 1997 to 2011.

The tables below reflect long-term expected real rates of return by asset class. The rates of return were calculated using the capital market assumptions applied to determine the discount rate.

Asset Class	Assumed Asset Allocation	Real Return Years 1 – 10 ¹	Real Return Years 11+ ²
Global Equity	47.0%	4.90%	5.38%
Global Debt Securities	19.0%	0.80%	2.27%
Inflation Assets	6.0%	0.60%	1.39%
Private Equity	12.0%	6.60%	6.63%
Real Estate	11.0%	2.80%	5.21%
Infrastructure and Forestland	3.0%	3.90%	5.36%
Liquidity	2.0%	(0.40%)	(0.90%)

¹ An expected inflation rate of 2.50% used for this period.

² An expected inflation rate of 3.00% used for this period.

Discount Rate

The discount rates used to measure the total pension liability for the PERF B was 7.15% and reflects the long-term expected rate of return for the plan net of investment expenses and without reduction for administrative expenses. To determine whether the municipal bond rate should be used in the calculation of a discount rate, the amortization and smoothing periods recently adopted by the Board in 2013 were used. For the PERF B projections of expected benefit payments and contributions at the statutorily required member and employer rates were performed to determine if the assets would run out. The tests revealed the assets would not run out. Therefore the long-term expected rates of return on pension plan investments were applied to all periods of projected benefit payments to determine the total pension liability for the PERF B. The crossover test results can be found on CalPERS' website at <https://www.calpers.ca.gov/page/employers/actuarial-services/gasb>

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

WHEATLAND ELEMENTARY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS, Continued
 JUNE 30, 2018

Sensitivity of the District’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate.

The following presents the District’s proportionate share of the net pension liability calculated using the current discount rate, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (-100 basis points) or one percentage point higher (+100 basis points) than the current rate:

<i>(Amounts in thousands)</i>	1% Decrease	Current	1% Increase
	(6.15%)	Discount Rate (7.15%)	(8.15%)
District's proportionate share of the net pension liability	\$ 9,564	\$ 6,501	\$ 3,959

Pension Plan Fiduciary Net Position

Detailed information about the pension plan’s fiduciary net position is available in the separately issued CalPERS Comprehensive Annual Financial Report.

NOTE 10 – POST EMPLOYMENT HEALTH CARE PLANS

10 - A. CalSTRS

Plan Description

CalSTRS administers a postemployment benefit plan Medicare Premium Payment (“MPP”) Program. The MPP Program is a cost-sharing multiple-employer other postemployment benefit plan (“OPEB”) established pursuant to Chapter 1032, Statutes 2000 (SB 1435). CalSTRS administers the MPP Program through the Teachers' Health Benefits Fund (“THBF”).

Benefits Provided

The MPP Program pays Medicare Part A premiums and Medicare Parts A and B late enrollment surcharges for eligible members of the STRP DB Program who were retired or began receiving a disability allowance prior to July 1, 2012 and were not eligible for premium free Medicare Part A.

Contributions

The MPP Program is funded on a pay-as-you go basis from a portion of monthly employer contributions. In accordance with California Education Code §25930, contributions that would otherwise be credited to the DB Program each month are instead credited to the MPP Program to fund monthly program and administrative costs. Total redirections to the MPP Program are monitored to ensure that total incurred costs do not exceed the amount initially identified as the cost of the program. Total employer contributions to the MPP Program for fiscal year 2016-17 were \$29.1 million.

WHEATLAND ELEMENTARY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS, Continued
 JUNE 30, 2018

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2018, the District reported a liability of \$82,000 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2017, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The District's proportion of the net OPEB liability was based on the District's proportionate share of total CalSTRS-Calculated Employer Contribution, statutorily determined. The District's proportion was as follows:

	<u>Jun. 30, 2017</u>	<u>Jun. 30, 2016</u>	<u>Difference</u>
Net OPEB Liability Allocation Basis	0.0001938	0.0002026	-0.0000088

For the year ended June 30, 2018, the District recognized OPEB pension expense of \$(9,000). At June 30, 2018, the District reported deferred outflows of resources related to OPEB from the District's contribution subsequent to the measurement date in the amount of \$7,000, which will be expensed in the next fiscal year.

Actuarial Methods, Assumptions, and Discount Rate Information

Actuarial Methods and Assumptions

The total OPEB liability for the MPP Program as of June 30, 2016 was determined based on a financial reporting actuarial valuation that used the June 30, 2016 assumptions presented in the table below. The June 30, 2017 total OPEB liability was determined by applying update procedures to the financial reporting actuarial valuation as of June 30, 2016, and rolling forward the total OPEB liability to June 30, 2017 using the assumptions listed in the following table:

Valuation Date	June 30, 2017	June 30, 2016
Experience Study	July 1, 2010 – June 30, 2015	July 1, 2010 – June 30, 2015
Actuarial Cost Method	Entry age normal	Entry age normal
Investment Rate of Return	3.58%	2.85%
Medicare Part A Premium Costs Trend Rate ¹	3.70%	3.70%
Medicare Part B Premium Costs Trend Rate ¹	4.10%	4.10%

¹ The assumed increases in the Medicare Part A and Part B Cost Trend Rates vary by year, however; the increases are approximately equivalent to a 3.7 percent and 4.1 percent increase each year for Medicare Part A and Part B, respectively.

In addition, assumptions were made about future participation (enrollment) into the MPP Program because CalSTRS is unable to determine which members not currently participating meet all eligibility criteria for enrollment in the future. Assumed enrollment rates were derived based on past experience and are stratified by age with the probability of enrollment diminishing as the members' age increases. This estimated enrollment rate was then applied to the population of members who may meet criteria necessary for eligibility and are not currently enrolled in the MPP Program. Based on this, the estimated number of future enrollments used in the financial reporting valuation was 571 or an average of 0.32 percent of the potentially eligible population (177,763).

WHEATLAND ELEMENTARY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS, Continued
JUNE 30, 2018

For the valuation as of June 30, 2016, CalSTRS used custom mortality tables based on RP2000 Series tables issued by the Society of Actuaries, adjusted to fit CalSTRS specific experience through June 30, 2015. For the valuation as of June 30, 2017, CalSTRS changed the mortality assumptions based on the July 1, 2010, through June 30, 2015, experience study adopted by the board in February 2017. CalSTRS now uses a generational mortality assumption, which involves the use of a base mortality table and projection scales to reflect expected annual reductions in mortality rates at each age, resulting in increases in life expectancies each year into the future. The base mortality tables are CalSTRS custom tables derived to best fit the patterns of mortality among our members. The projection scale was set equal to 110 percent of the ultimate improvement factor from the Mortality Improvement Scale (MP-2016) table, issued by the Society of Actuaries.

The MPP Program is funded on a pay-as-you-go basis with contributions generally being made at the same time and in the same amount as benefit payments and expenses coming due. Any funds within the MPP Program as of June 30, 2017 and 2016, were to manage differences between estimated and actual amounts to be paid and were invested in the Surplus Money Investment Fund, which is a pooled investment program administered by the State Treasurer.

Discount Rate

The discount rate used to measure the total OPEB liability as of June 30, 2017 and 2016 was 3.58 percent and 2.85 percent, respectively. The MPP Program is funded on a pay-as-you-go basis as described in Note 1, and under the pay-as-you-go method, the OPEB plan’s fiduciary net position was not projected to be sufficient to make projected future benefit payments. Therefore, a discount rate of 3.58 percent and 2.85 percent, which is the Bond Buyer 20-Bond GO Index from Bondbuyer.com as of June 30, 2017 and 2016, respectively, was applied to all periods of projected benefit payments to measure the total OPEB liability.

Sensitivity of the District’s Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate.

The following table presents the net OPEB liability of employers as of June 30, 2017, using the current discount rate as well as what the net OPEB liability would be if it were calculated using a discount rate that is 1 percent lower or 1 percent higher than the current rate:

	Medicare Costs		
<i>(Amounts in thousands)</i>	1% Decrease	Trend Rate	1% Increase
	(2.7%)	(3.7%)	(4.7%)
District's proportionate share of the net OPEB liability	\$ 74	\$ 82	\$ 89

	1% Decrease	Discount Rate	1% Increase
<i>(Amounts in thousands)</i>	(2.58%)	(3.58%)	(4.58%)
District's proportionate share of the net OPEB liability	\$ 90	\$ 82	\$ 73

Pension Plan Fiduciary Net Position

Detailed information about the pension plan’s fiduciary net position is available in the separately issued CalPERS Comprehensive Annual Financial Report.

WHEATLAND ELEMENTARY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS, Continued
 JUNE 30, 2018

10 - B. District OPEB Plan

Plan Description

The District's defined benefit OPEB plan is a single employer defined benefit healthcare plan, administered by the District to retirees at least fifty-five years old, for five years, up to age sixty-five. **No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.**

Benefits Provided

The plan provides healthcare benefits for retirees of up to \$400 of coverage per month.

Employees Covered by Benefit Terms

At June 30, 2018, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	5
Active employees	208
Total	213

Total OPEB Liability

The District's total OPEB liability of \$168,000 was measured was measured in conformity with the requirements in GASB No. 75, paragraphs 225 and 226 for the alternative measurement method, as of June 30, 2017.

Measurement Assumptions and Other Inputs

The total OPEB liability in the June 30, 2018 valuation was determined using the following assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation Rate:	1.70%, based on https://data.bls.gov/timeseries/CUUR0000SA0L1E?output_view=pct_12mths
Discount Rate:	3.13%, https://us.spindices.com/indices/fixed-income/sp-municipal-bond-20-year-high-grade-rate-index/ , June 30, 2017
Turnover:	CalPERS Terminated and Vested Rates, School; times the ratio of employees actually taking the benefit

Mortality rates were based on the CalPERS Schools assumptions, which can be downloaded at:

<https://www.calpers.ca.gov/docs/public-agencies-schools-assumption-methods.xlsx>

Changes in the Total OPEB Liability

Restated Balance at July 01, 2017	\$	143,000
Changes for the year:		
Service cost		38,000
Interest		4,000
Benefit payments		(17,000)
Net changes		25,000
Balance at June 30, 2018	\$	168,000

WHEATLAND ELEMENTARY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS, Continued
JUNE 30, 2018

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The following presents the net OPEB liability of the District, as well as what the District's net OPEB liability would be if it were calculated using a discount rate that is +1/-1 percentage-point than the current discount rate:

	1% Decrease	Current	1% Increase
	(2.13%)	Discount Rate	(4.13%)
	_____	_____	_____
District's proportionate share of the net pension liability	\$ 180,000	\$ 168,000	\$ 150,000

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2018, the District recognized OPEB pension expense of \$24,999. At June 30, 2018, the District reported deferred outflows of resources related to OPEB from the District's contribution subsequent to the measurement date in the amount of \$30,778, which will be expensed in the next fiscal year.

NOTE 11 – COMMITMENTS AND CONTINGENCIES

11 - A. Grants

The District received financial assistance from Federal and State agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the District at June 30, 2018.

11 - B. Litigation

The District is involved in various litigation arising from the normal course of business. In the opinion of management, the disposition of all litigation pending is not expected to have a material adverse effect on the overall financial position of the District at.

WHEATLAND ELEMENTARY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS, Continued
JUNE 30, 2018

NOTE 12 – PARTICIPATION IN JOINT POWERS AUTHORITIES

The District is a member of four joint powers authorities (JPAs). The first is the NVSIG to provide workers' compensation insurance, another is the TCSIG to provide liability and property insurance, the third is CVT for health, dental, vision and life insurance and the fourth is SPURR to help with rate stabilization for natural gas. The relationship is such that the JPAs are not component units of the District for financial reporting purposes.

These entities have budgeting and financial reporting requirements independent of member units and their financial statements are not presented in these financial statements; however, fund transactions between the entities and the District are included in these financial statements. Audited financial statements are available from the respective entities.

During the year ended June 30, 2018, the District made the following payments to each JPA:

<u>Joint Powers Authority</u>	<u>2017 Payments</u>
NVSIG	\$196,836
TCSIG	136,490
CVT	2,186,395
SPURR	22,665

NOTE 13 - RESTATEMENT

Due to the implementation of GASB Statement Nos. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans* and 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, the prior period adjustments of net position consist of the following:

	<u>Self-Insurance Fund</u>
Net Position, June 30, 2017	\$ 829,267
Increase in:	
Net OPEB liabilities	387,110
<u>Restated Net Position Balance</u>	<u>\$ 1,216,377</u>

The General Fund balance has decreased by \$2,217,144 over the past two years. The fiscal year 2018-19 budget projects a decrease of \$1,556,556 (eighteen percent). For a district this size, the State recommends available reserves of at least five percent of General Fund expenditures, transfers out, and other uses (total outgo).

The District has incurred operating deficits in all of the past three years and anticipates incurring an operating deficit during the 2018-19 fiscal year. Total long term obligations have increased by \$4.9 million over the past two years.

Average daily attendance has increased by 15 ADA over the past two years. A decrease of 9 ADA is anticipated during fiscal year 2018-19.

¹ Available reserves consist of all unassigned fund balance within the General Fund

WHEATLAND ELEMENTARY SCHOOL DISTRICT

NOTES TO SUPPLEMENTARY INFORMATION JUNE 30, 2018

NOTE 1 – PURPOSE OF SCHEDULES

1 - A. Schedule of Expenditures of Federal Awards

The accompanying Schedule of Expenditures of Federal Awards includes the Federal grant activity of the District and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*, as applicable.

There are no balances of loan or loan guarantee programs (“loans”) outstanding at the end of the audit period. The District has not elected to use the 10% de minimis cost rate.

1 - B. Schedule of Average Daily Attendance (“ADA”)

Displaying ADA data for both the Second Period and Annual reports, by grade span and program as appropriate; and separately for each charter school, shows the total ADA and the ADA generated through classroom-based instruction by grade span, as appropriate; and if there are any ADA adjustments due to audit findings, displays additional columns for the Second Period and Annual reports reflecting the final ADA after audit finding adjustments, shown by grade span.

1 - C. Schedule of Instructional Time

Displaying, for school districts, including basic aid districts, data that show whether the district complied with article 8 (commencing with § 46200) of chapter 2 of part 26 of the Education Code; showing by grade level:

1 - C.I For districts that met or exceeded their LCFF target or districts that participated in longer day funding, the number(s) of instructional minutes specified in Education Code section 46207(a) or 46201(b) as applicable, and the district's required instructional minutes set forth in Audit Guide Part F, Instructional Time, as applicable;

1 - C.II For districts that did not meet or exceed their LCFF target and did not participate in longer day funding, the number(s) of instructional minutes the district offered in the 1982-83 year, and the district's required instructional minutes as calculated in Audit Guide Part F, Instructional Time, as applicable;

1 - C.III For all districts, the instructional minutes offered during the year audited showing the school with the lowest number of minutes offered at each grade level;

1 - C.IV For all districts, the number of instructional days offered during the year audited on the traditional calendar and on any multitrack year-round calendars; and whether the district complied with the instructional minutes and day's provisions. State in a note to the schedule whether the district participated in longer day incentives and whether the district met or exceeded its LCFF target funding.

1 - C.V For charter schools, data that show whether the charter school complied with Education Code sections 47612 and 47612.5; showing by grade level the number(s) of instructional minutes specified in Education Code section 47612.5; the instructional minutes offered during the year audited showing the school location with the lowest number of minutes offered at each grade level; the number of instructional days offered during the year audited on the traditional calendar and on any multitrack calendars; and whether the charter school complied with the instructional minutes and days provisions.

1 - D. Schedule of Financial Trends and Analysis

Displaying information regarding the auditee's financial position and going concern status, in the form of actual financial and attendance figures for at least the most recent three-year period (ending with the audit year), plus the current year's budget, for the following items: general fund financial activity, including total revenue, expenditures, and other sources and uses; general fund balance; available reserve balances (funds designated for economic uncertainty, and any other remaining undesignated fund balance) within the general fund or special reserve fund; available reserve balances expressed as a percentage of total general fund outgo (expenditures, transfers out, and other uses), including a comparison to the applicable state-recommended available reserve percentage; total long-term debt; and elementary and secondary second principal ADA; and, when the auditee's percentage of available reserves to total general fund outgo is below the state-recommended percentage, management's plans for increasing the auditee's available reserve percentage.

1 - E. Reconciliation of Annual Financial and Budget Report With Audited Financial Statements

Displaying the differences between the ending fund balance(s) from the audited financial statements and the unaudited ending fund balance(s) from the annual financial and budget report for each fund in which a variance occurred.

1 - F. Schedule of Charter Schools

Listing all charter schools chartered by the school district or county office of education, and indicating for each charter school whether or not the charter school is included in the school district or county office of education audit.

1 - G. Combining Statements – Non-Major Governmental Funds

The Non-Major Governmental Funds Combining Balance Sheet and Combining Statement of Revenues, Expenditures, and Changes in Fund Balances is included to provide information regarding the individual funds that have been included in the Non-Major Governmental Funds column on the Governmental Funds Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balances.

1 - H. Local Education Agency Organization Structure

LEA Organization Structure, setting forth the following information, at a minimum:

1 - H.I The date on which the LEA was established, and for charter schools the date and granting authority of each charter;

1 - H.II The date and a general description of any change during the year audited in a school district's boundaries. The District did not have any changes to the boundaries this year;

1 - H.III The numbers by type of schools in the LEA;

1 - H.IV The names, titles, terms, and term expiration dates of all members of the governing board;

1 - H.V The names, with their titles, of the superintendent, chief business official, and deputy / associate / assistant superintendents. Of the listed positions, currently the District only has a superintendent.

This schedule is located in the front of the report.

OTHER INDEPENDENT AUDITOR'S REPORTS

<PAGE INTENTIONALLY LEFT BLANK>

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Trustees
Wheatland Elementary School District
Wheatland, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Wheatland Elementary School District as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise Wheatland Elementary School District's basic financial statements, and have issued our report thereon dated October 22, 2018.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Wheatland Elementary School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Wheatland Elementary School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Wheatland Elementary School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Wheatland Elementary School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

<PAGE INTENTIONALLY LEFT BLANK>

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND
REPORT ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH THE
UNIFORM GUIDANCE**

Board of Trustees
Wheatland Elementary School District
Wheatland, California

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM

We have audited Wheatland Elementary School District's compliance with the types of compliance requirements described in the U.S. *Office of Management and Budget ("OMB") Compliance Supplement* that could have a direct and material effect on each of Wheatland Elementary School District's major federal programs for the year ended June 30, 2018. Wheatland Elementary School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Wheatland Elementary School District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2, U.S. *Code of Federal Regulations*, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Wheatland Elementary School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Wheatland Elementary School District's compliance.

Opinion on Each Major Federal Program

In our opinion, Wheatland Elementary School District complied, in all material respects, with the types of compliance requirements referred to previously that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2018.

REPORT ON INTERNAL CONTROL OVER COMPLIANCE

Management of Wheatland Elementary School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Wheatland Elementary School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Wheatland Elementary School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

<PAGE INTENTIONALLY LEFT BLANK>

INDEPENDENT AUDITOR'S REPORT ON STATE COMPLIANCE

Board of Trustees
Wheatland Elementary School District
Wheatland, California

REPORT ON STATE COMPLIANCE

We have audited Wheatland Elementary School District's compliance with the requirements as identified in the *2017-18 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* ("2017-18 K-12 Audit Guide"), prescribed in the *California Code of Regulations*, Title 5, § 19810, et seq., applicable to Wheatland Elementary School District's state programs as listed on the next page for the year ended June 30, 2018.

Management's Responsibility

Compliance with the requirements referred to above is the responsibility of Wheatland Elementary School District's management.

Auditor's Responsibility

Our responsibility is to express an opinion on Wheatland Elementary School District's compliance based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and 2017-18 K-12 Audit Guide. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a material effect on the applicable government programs listed on the next page. An audit includes examining, on a test basis, evidence about Wheatland Elementary School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Wheatland Elementary School District's compliance with those requirements.

Opinion

In our opinion, Wheatland Elementary School District complied, in all material respects, with the compliance requirements referred to previously that are applicable with the programs listed on the next page for the year ended June 30, 2018.

In connection with the audit referred to on the previous page, we selected and tested transactions and records to determine the Wheatland Elementary School District's compliance with the State laws and regulations applicable to the following items:

PROGRAM NAME	PROCEDURES PERFORMED
Local Education Agencies Other Than Charter Schools	
A. Attendance	Yes
